

New Jersey Smoke-Free Air Act

In accordance with N.J.S.A 26:3D-55 et seq. which is known as the New Jersey Smoke-Free Air Act and as adopted in N.J.A.C. 8:6 Smoke-Free Air Regulations, smoking of any tobacco product or use of any electronic smoking devices in any indoor public place or workplace is prohibited. Additionally, smoking is prohibited at an exterior area if smoking in the exterior area results in migration, seepage, or re-circulation of smoke to an indoor public place or a workplace at which smoking is prohibited.

The New Jersey Indoor Air Quality Standard (N.J.A.C. 12:100-13) does not allow any air contaminants to enter buildings and/or building systems.

Therefore, The College of New Jersey prohibits smoking of any tobacco product or use of any electronic smoking devices in all residential buildings.

The College of New Jersey also prohibits smoking a minimum of 10 feet from building entrances, openings, or air intakes. This distance may be greater if indicated by additional no smoking signage or if requested by The College's administration.

Anyone found smoking inside any facility or within designated no smoking areas outside a building are subject to a \$250 fine from the health department for the first offense, and may be charged by law enforcement under any other applicable law, including N.J.S.A 2C:33-13. Students are also subject to action through The College of New Jersey's student conduct process.

Smokers are required to properly dispose of their smoking instruments using provided smoking receptacles located on the exterior of campus buildings.
